

## The CAHPS® Survey: We All Play a Role

Every year, the Centers for Medicare & Medicaid Services (CMS) sends our members the **Medicare Consumer Assessment of Healthcare Providers and Systems (CAHPS) survey**. This survey collects information about members' experiences with **Medicare Advantage (MA) and/or their prescription drug plan (PDP)**.

The survey measures important aspects of members' health care experiences that cannot be assessed by other means. This includes how our members interact with you.

Please encourage your patients to respond to the CAHPS survey if they are selected to participate.

### Who gets the CAHPS survey?

CMS sends the survey to a random sample of members who are:

- Enrolled in an MA or PDP plan for at least six months
- 18+ years of age

### When do members receive the CAHPS survey?

The CAHPS survey is conducted from March through June. Members are asked to rate their last six months of care.

### How are CAHPS results used?

CAHPS results affect CMS' Star Ratings. Star Ratings rank MA plans on a scale from one to five stars and are posted on [CMS' Medicare website](#). We strive to achieve the highest possible Star rating for our MA plans.

## How You Can Help Improve Member Experiences Year-Round
